

Automatic Drawdown Master

■ Introduction:

The BEVS 1821 Automatic Drawdown Master is a dual-purpose machine that integrates grind gauge scraper drawdown and film applicators drawdown. Benefit from its constant pressure and speed, the drawdown is of high repeatability which eliminates human error. When doing a grind gauge scraper drawdown, place the grind gauge and scraper, click the button to start the drawdown. Film applicators drawdown is the same way to use. The machine is easy to use and clean which brings users great convenience.

■ Technical info:

- ◆ Drawdown speed: 10-150mm/s
- ◆ Pressure: 1500-6500g
- ◆ Pressure accuracy: 20g
- ◆ Scraper angle: 85° or 90°
- ◆ Coating size: A5
- ◆ Dimension: L465 x W280 x H430mm
- ◆ Power supply: 110V/220V, 50/60HZ
- ◆ Power: 100W

■ Features:

- ◆ Touch panel control
- ◆ Stable speed and automatic drawdown
- ◆ Adjustable speed
- ◆ With light source
- ◆ Real time display adjustable pressure
- ◆ Support various grind gauges and film applicators

■ Standard:

ASTM D333, D1210, GB/T6753, ISO1524
