

GUANGZHOU SITBO MECHANICAL AND ELECTRICAL EQUIPMENT CO.,LTD.

广州市思特博机电设备有限公司

Powered by Trust Chosen for Quality

COMPANY PROFILE

GUANGZHOU SITBO M.& E. EQUIPMENT CO., LTD., located in Guangzhou, Guangdong Province, have been successfully serving American and European clients for over 30 years. Headquartered in California, we possess the infrastructure and expertise to effectively serve international customers. Our presence in the Asia-Pacific region is substantial, earning us the trust of customers worldwide.

Specializing in electromechanical parts and components for engines and power systems, we offer a comprehensive range of genuine factory parts and OEM components. Our adherence to the highest quality standards ensures reliability and performance in every product we deliver.

Our commitment to customer satisfaction is reflected in our tailored comprehensive technical support, which ensures seamless, cost-effective, and long-lasting solutions. This dedication to excellence is reinforced by our ISO9001-2000 quality certification achieved in 2003.

In addition to several branches across key cities in U.S. and China, we also have 2 major warehouses in Texas (USA) and Foshan (China), providing efficient and reliable service to a global clientele and enabling prompt and efficient fulfillment of customer demands.

As authorized dealers of renowned brands such as Cummins, Caterpillar, Donaldson, Parker Hannifin, Delco Remy, Fleetguard, Robert Bosch, HB, and more, we offer world-class products at competitive prices. With substantial inventories exceeding RMB 100 million in China and over \$10 million in the US, we ensure swift delivery, positioning us as industry leaders in inventories and sales indicators.

Looking ahead, Sitbo remains committed to the principle of "quality first," continually striving for innovation and excellence in the electromechanical equipment industry.

SCOPE OF BUSINESS

The brands managed and represented

- ▶ Cummins ————— Full range of engine assemblies and parts.
- ▶ HB ————— Engine parts, belts, tensioners, etc.
- ▶ Donaldson ————— Filters
- ▶ Fleetguard ————— Filters
- ▶ Parker Racor, Baldwin — Filters
- ▶ Caterpillar (CAT) — Full Range Engine Parts
- ▶ Paccar: Kenworth, Peterbilt, DAF — China Agent
- ▶ Detroit — Diesel Engine Parts
- ▶ Delco Remy — Starter Motors, Alternators
- ▶ Datcon — Instruments, Sensors
- ▶ Knorr-Bremse — Air Compressors
- ▶ Benz — Truck Parts
- ▶ Volvo — Truck Parts
- ▶ KTI — Starter Motors
- ▶ RPM — Starter Motors

Our Mission

» To strive for efficiency, pursue quality, cultivate teamwork, and creating a better future.

Our Vision

» Honesty as the foundation, reliability in quality, service supremacy.

Our Values

- » **Integrity:** Honesty and transparency as the foundation.
- » **Excellence:** The strive for reliability and uncompromising quality.
- » **Caring:** Service-centric demonstrated through utmost awareness and consideration of others.
- » **Teamwork:** Collaborating with cross-functioning teams, businesses, and borders to bring you the finest products.

American brand. Original factory quality. Affordable prices.

HB series

HB was founded in California, USA in 1998. Over the years, HB has served globally renowned engine manufacturers such as Cummins, Caterpillar, Perkins, MTU, Mercedes-Benz, Volvo, Wirtgen, and more. Providing quality parts and supply services, we focus on the technical aspects and applications of our engine parts. Collaborating with numerous international OEM brands, HB provides both reliable and affordable products that do not compromise on quality.

With over 20 years of experience in international brand cooperation and ventures, HB selectively produces parts from major factories to ensure stable and reliable quality. HB offer comprehensive pre-sales consultation, usage guidance, installation assistance, maintenance, and warranty services. Resulting in HB becoming a leading supplier of aftermarket engine parts, for mainstream engine brands, in the global engineering machinery aftermarket.

Within the industry, HB has earned widespread recognition and reputation, with annual export values exceeding millions of USD, as well as domestic markets showing tremendous potential for further growth. HB continue to strive to provide customers with excellent products and services.

HB boasts superior quality, original factory assurance, and competitive pricing. HB is dedicated to delivering high-quality service to meet customers' needs and collaborating to create a prosperous future.

Power with Purpose

Cummins series

Cummins, headquartered in Columbus, Indiana, USA, is the world's largest engine manufacturer. Established in 1919, Cummins is a leading global power equipment manufacturer that designs, manufactures, and distributes engines and related technologies, including fuel systems, control systems, intake processing, filtration systems, exhaust treatment systems, and power systems. Additionally, Cummins provides corresponding aftermarket services.

Chinese Cummins series

Cummins maintains six engine manufacturing hubs in China, namely Dongfeng Cummins, Chongqing Cummins, Foton Cummins, Guangxi Cummins, Shaanxi Cummins, and Anhui Cummins.

Central to Cummins' subsidiaries are the production of engines tailored for mining, power generation, and marine applications, with Chongqing Cummins and Guangxi Cummins being key players in this domain. Cummins' diesel generator set portfolio encompasses engines crafted by joint ventures like Dongfeng Cummins and Chongqing Cummins, as well as those imported directly from Cummins.

Dongfeng Cummins specializes in manufacturing diesel engines with a power range spanning from 20KW to 200KW, encompassing popular series like B, C, L, and Z. On the other hand, Chongqing Cummins excels in producing diesel engines with a broader power range, from 200KW to 1350KW, encompassing N series, M series, K series, and electronic control series.

Sitbo also offers OEM products with quality matching genuine parts, as well as providing comprehensive technical support catered to fit the customers' needs. With this, we are able to deliver a complete solution for affordable, effective, and long lasting operations.

LET'S DO THE WORK

Caterpillar (CAT) series

Caterpillar (CAT) company, founded in 1925, is headquartered in Illinois, USA. It is one of the world's largest manufacturers of construction machinery and mining equipment, as well as a producer of gas engines and industrial gas turbines. Caterpillar is also one of the largest diesel engine manufacturers in the world.

Advancing filtration for a cleaner world

Donaldson filter series

Headquartered in Minnesota, USA, Donaldson was established in 1915. As a technology-driven company, Donaldson has been committed to product development and technological innovation, maintaining a leading position in the filtration industry for many years.

Donaldson is one of the world's major suppliers of filtration technology and high-end filtration products, widely applied with significant filtration effects. For instance, its products are OEM-matched with renowned brands such as Caterpillar, Case, John Deere, Komatsu, Hitachi, Kobelco, Kobelco, Sumitomo, Volvo, Yanmar, Sany, LiuGong, XCMG, Sunward, and XGMA, among others.

Their product range includes engine filtration (air, fuel, lubricating oil, hydraulic, cooling water, etc.), industrial dust, dry smoke, oil mist filtration, compressed air filtration, process filtration, etc. Their products find wide applications in ports, docks, shipyards, mines, stone factories, oil fields, subways, light rails, high-speed rails, commercial vehicles, host plant matching, and more.

With a broad coverage of filtration products and guaranteed quality, we have been an authorized distributor of Donaldson, providing a range of filtration solutions and offering one-stop services to assist secondary distributors or end-users, ensuring effective product equipment support with ample inventory and prompt delivery.

Clean Technologies for a Sustainable Future

Parker | **Racor** | **BALDWIN FILTERS** | **Parker series**

Parker Hannifin is a pioneer in the field of motion and control, with 84 divisions and 320 manufacturing facilities in 49 countries, playing a key role in applications that change the world. Its fuel filtration systems have earned trust and respect from engine and vehicle manufacturers worldwide.

We have been an authorized distributor of Parker Hannifin for decades. Sitbo provides high-quality products and offers clean fuel solutions for engines and equipment, as well as solutions for fuel pre-filtration systems, intake systems, and crankcase ventilation systems. We are committed to providing efficient and reliable solutions to ensure the normal operation of your equipment and systems, keeping them clean and efficient.

We start the world and keep it running

Delco-Remy series

Delco-Remy is a leading manufacturer of starters and alternators in the United States. As a designated supplier for brands such as Cummins, Caterpillar, and others, with years of OEM experience, Delco-Remy has established an unshakeable leading position in the field of starter and alternator production with its long-standing stable product quality and meticulous after-sales service.

We have been an authorized distributor of Delco-Remy for decades, offering starter and alternator assemblies, as well as providing sales of their spare parts, including solenoids, drive gears, carbon brushes, bushings, relays, regulators, etc.
